PATIENT INFORMATION

The Rainbow Team

Caring for you during your next
pregnancy

We understand that at this difficult and sad time you may not want to think about future pregnancies. This leaflet is for when you feel ready.

It is not unusual for families to feel anxious regarding going through a pregnancy again and you may have some concerns.

Here at Ormskirk we have the Rainbow Team - a team of midwives who are able to support you during that time. If you wish, the team will offer you support and help you plan an individualised pregnancy care package.

What will the team do?

Once you have a positive pregnancy test, call the following number - 01704 705358 and inform the midwife you are self-referring to the Rainbow Team. The midwife will take some details and refer you on to the team.

Within 24-72 hours a midwife from the Rainbow Team will call you back to discuss with you your preference for antenatal care. This will include:

- Booking in appointment - chosen location and time
- Early scan for reassurance
- Individual care plan to ease any concerns

In addition, the team will act as a liaison/support during your pregnancy should any concerns arise.

If you have any questions, contact the Pregnancy Assessment Unit on 01704 705358.

**Please call 01704 704714 if you need
this leaflet in an alternative format**
