Ormskirk Hospital  
NHS Trust

## **PATIENT INFORMATION**

# **Advice Following General Anaesthetic**

Children's Unit

## **GOING HOME**

You must NOT take your child home on public transport.

If your child did not sleep on the ward, he/she may sleep longer than usual the first night home.

If your child is sick more than once, DO NOT give them anything to eat or drink for 1 hour. Start clear fluids and then cereal and toast. If vomiting continues, go straight to the Casualty Department.

Fizzy drinks and fatty foods are not recommended.

## **FOLLOWING A GENERAL ANAESTHETIC**

A responsible adult should stay with the child for the next 24 hours.

Do not allow your child to cycle, go on busy roads or to playgrounds unaccompanied for the next 24 hours. Anaesthetic can affect balance and judgement.

## **GOING TO SCHOOL**

You should not send your child to school or play group on the day following the operation. This is to allow him/her to recover from the anaesthetic. He/she may feel a little tired.

## **SPECIAL INSTRUCTIONS**

**If you are worried about anything or feel you need more information, please contact any of the following:**

The Children's Ward, ODGH (01695) 656912

Assessment Bay, ODGH (01695) 656393  
Children's A&E Dept, ODGH (01695) 656674

**IN AN EMERGENCY GO TO THE  
Paediatric Accident & Emergency Department, Ormskirk  
Accident & Emergency Department, Alder Hey  
Children's Hospital**

**PLEASE NOTE, INPATIENT CARE FOR ANY  
COMPLICATIONS WILL BE VIA TRANSFER TO ALDER  
HEY CHILDREN'S HOSPITAL**

**NOTES**

**During your contact with us, it is important that you are happy with your care and treatment. Please speak to a member of staff and/or the ward/department Sister/Charge Nurse if you have any questions or concerns.**

## **MATRON**

A Matron is also available during the hours of 9.00 to 5.00 pm Monday to Friday. During these periods, ward/department staff can contact Matron to arrange to meet with you. Out of hours, a Senior Nurse can be contacted via the ward/department to deal with any concerns you may have.

## **INFECTION CONTROL REQUEST**

Preventing infections is a crucial part of our patients' care. To ensure that our standards remain high our staff have regular infection prevention and control training and their practice is monitored in the workplace. We ask patients and visitors to assist us in preventing infections by cleaning their hands at regular intervals and informing staff of areas within the hospital that appear soiled.

As a patient there may be times that you are unsure whether a staff member has cleaned their hands; if in doubt please ask the staff member and they will be only too happy to put your mind at ease by cleaning their hands so that you can see them.

## **SPECIAL INSTRUCTIONS**

### **ANY CONDITION SPECIFIC DANGER SIGNALS TO LOOK OUT FOR:**

If your child continues to vomit more than once, please contact the numbers given and/or take to the A&E Dept for assessment.
